

BICKLEIGH MILL – CHANGING WITH THE TIMES

Bickleigh Mill was built in the late 18th century and was milling corn until the devastating floods of the 1960's. Corn from surrounding farms was raised into the corn loft and then ground. The mill workings and water wheel are still on display.

In 1973 the Mill, Bickleigh Farm and its land underwent a major change when it became the Devonshire Centre with crafts, a working farm and the mill. Today the farm is privately owned but Bickleigh Mill maintains its attraction as one of the most idyllic settings in the country.

In the same year that Bickleigh Mill opened today's co-owner began his career at Hotel School that trained him in the craft of cuisine.

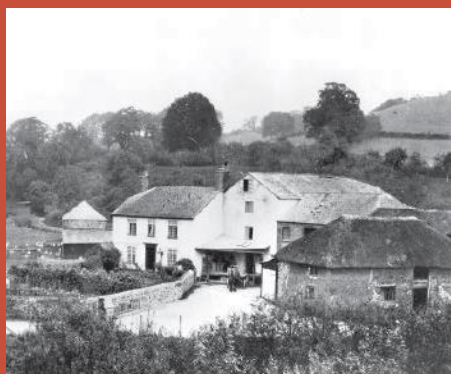

Today the Bistro offers a menu which provides a choice of both traditional and innovative homemade dishes.

Our policy has always been to provide freshly cooked food using locally sourced ingredients wherever possible.

Our meats come from local farms, our fresh fish from the South West and our fruit and vegetables are delivered daily from our Mid Devon merchants.

We believe that buying local produce not only supports the local economy but also The Mill and its customers by providing the freshest produce available.

We offer table service here at Bickleigh Mill. All we ask is that you get comfortable at the table, and we'll do the rest. If you're in a hurry, do come to the bar, we won't be offended.
